Hi Leslie,

Please reach out to Mehdi directly and he will coordinate responding to your request.

Thanks

Subject: RE: Exide Documents and Check-List Question

Hi – Regarding the PCS Checklist forms DTSC prepared – DTSC completed 2 forms, one for the Exide facility and one for the overall Exide PIA. Because we have one Exide site in SEMS, it would be best to have one PCS Checklist filled out. Would this be an item you would bring up at the DTSC management meeting next week? Or if not, let me know and I will contact Mehdi and Poonam (Mehdi is listed as the contact for one screen, Poonam is listed on the other) to request if they can combine the information onto one PCS document.

Subject: Exide Documents and Check-List Question

Hi Leslie and Eugenia,

Per our discussion yesterday, the following are the documents we discussed:

- Dispersion Model for potential contamination assessment: See attached.
- Regional Background Study from the Long Beach area:
https://www.envirostor.dtsc.ca.gov/public/final_documents2?global_id=80001733&doc_id=60411943

Mike also wanted to confirm if the attache Pre-CERCLA Screening Checklist/Decision Forms DTSC sent were complete or are there follow-up information required.

Thanks
